LOWLANDS UNDER WATER FOLLOWING HEAVY RAINFALL

Small Creeks Are Swollen and White River at Rockford is Near Serious Flood Stage.

LARGE ACREAGE INUNDATED

Four Inches of Rain Recorded By Local Weather Observer Within Last Thirty-six Hours.

CITY STREETS ARE FLOODED

Local Sewerage System Unable to Carry Great Volume of Surface Water—Downpour Early Today.

Flood conditions which approach the serious stage are reported from the lowlands late this afternoon as a result of the excessive rainfall during the last thirty-six hours. The small creeks and streams in the county are swollen several times their normal size and hundreds of acres in the bottoms are inundated. White River continued to rise steadily during the day and was more than high bank full this afternoon. It was not expected that the river would reach its crest until tonight, even if the rains should cease.

The rainfall about 5 o'clock this morning was the hardest in many years. The water fell in almost a solid sheet and many described it as a cloud burst. Following the downpour level ground was covered with water. Many of the paved streets were filled from curb to curb and the local sewerage system was not large enough to carry away the surface water. The plates over manholes in several of the sewers were forced out of position, permitting the water and sewerage to leave the channels.

Conditions in the city appeared serious between 6 and 7 o'clock, but as the great volume of water started to leave the streets some relief was afforded in certain sections of the city. Water was forced in many basements through the drains or filtered through the foundation walls. In many lawns the water was of such depth that it ran into basements through the windows. Quite a few homes in the lowest parts of the city were entirely surrounded by water and the occupants had difficulty in reaching their places of employment. On West Third street where a sewer was broken the water was so deep that it was with difficulty that an automobile could be driven through it.

Storm Creek and Mutton Creek east of the city were several times their normal size but it was believed that these streams would recede rapidly. The Muscatatuck River was also swollen and covered a wide area of farm land.

White River was at a standstill during the night but started to rise an inch an hour about 7 o'clock. During the mid forenoon the water was rising two inches an hour and this afternoon the water had reached the high banks. A rise of three inches an hour was reported and men familiar with river conditions predicted that the crest would not be reached before tonight or tomorrow. The river near Columbus has been rising ten inches an hour throughout the day and several hours will be required for this water to reach Rockford. Serious flood damage undoubtedly would have occurred if the flood water from the streams in the immediate locality had not reached the river before that which will come from the upper streams.

Several small streams east of the city in the county line vicinity are out of their banks and have caused considerable damage. The Sandy Branch bridge and the Driftwood church bridge are both impassable owing to the high waters having washed the dirt away from their supports making it dangerous for

OFFICERS CHOSEN FOR S. S. UNION

The Rev. B. E. E. Fischbach Named President of Organization for Coming Year.

WORK CONCLUDED UNTIL FALL

The Rev. O. G. Misamore Gives Interesting Address at Closing Meeting Monday Night.

The Sunday School Union of this city closed its activities for the year 1919-1920 with an interesting meeting at the First Presbyterian church Monday night. The organization will resume its work in September. The year just closing has been very helpful to those who have attended the sessions and it is expected that the membership will be much larger next winter.

The principal address at the closing session last night was made by the Rev. O. G. Misamore, pastor of the St. Paul Congregational church. He spoke on the subject, "The General Principles of the Growth and Development of the Sunday School," pointing out that it was an essential and important organization of the church. His address was very interesting and beneficial. A social hour followed the address. Refreshments were served by the Sunday Schools of the Central Christian and First Methodist churches.

During the business session officers for the coming year were elected. The Rev. B. E. E. Fischbach, pastor of the Trinity Methodist church, was named president. Other officers chosen are:

Vice-president—The Rev. O. G. Misamore, St. Paul church.
Secretary—F. W. Wesner, of Central Christian.

Treasurer—Mrs. Frank Teckemeyer, of First Methodist.
Musical Director—Miss Anna E. Carter, of First Baptist.

The department group officers are: Chairman of Superintendents' Group—The E. A. Hayward, of First Baptist.

Adults and Seniors—The Rev. J. H. More, of First Presbyterian.
Intermediates—C. A. Hemmer, of Trinity Methodist.

Juniors—Mrs. Melvin Jerrell, of Central Christian.
Primary Department—Mrs. M. M. Edgar, of St. Paul.

Mrs. Will E. Hamer was elected chairman of the entertainment committee and her assistants are: Miss Myrtle Huntington, Mrs. Tom Phillips, Mrs. Omer Beach, Mrs. Charles L. Kessler and Miss Louise Nieman.

The members of the nominating committee were: Mrs. Jay C. Smith, chairman, Miss Harriett Montgomery, F. W. Wesner and John G. Loertz.

PREDICT OUTLAW STRIKE WILL END TOMORROW

Officials of Yardmen's Association Look for Settlement in Few Hours.

By United Press.
Chicago, April 20—The outlaw railroad strike will end tomorrow, officials of the Chicago yardmen's association announced today. An effort will be made, they said, to persuade all strikers affiliated with the Chicago organization to report for work. Many public officers will address a mass meeting here tomorrow to tell the strikers they are not fighting individual roads, but the government.

Twenty-five additional warrants charging violation of the Lever act were sworn out against leaders.

Weather.
Showers today and probably tomorrow; moderate west winds, perhaps; but next Thursday we'll bet it's going to be "Fair and Warmer" at the Majestic Theatre.

TORNADO CAUSES DEVASTATION IN GEORGIA

The cotton mill district of La Grange was almost entirely upturned by the recent tornado. The homeless were forced to make their beds among the wreckage. The lower picture shows an immense hole torn in a house by a tree.

ORGANIZATION IS BEING PERFECTED

Jackson County Will be Expected to Contribute Her Quota to Salvation Army.

MONEY TO BE SPENT AT HOME

Prominent Citizens and All Former Service Men Endorse Home Service Appeal Plan.

During the week of May 10 to 16 the Salvation Army will ask the nation for a vote of approval—a vote of endorsement of the peace-time program it plans to carry out throughout the years to come. This appeal will be known as "The Home Service Fund Appeal" and the money raised will be used to carry on work of sheltering betrayed girls, giving temporary relief to men, women and children, sending mothers with their children out of the stifling cities into the country for vacations, providing sleeping accommodations for needy men and women, finding missing friends and relatives, helping the poverty stricken, the sick, the discouraged, the misfit. Heartened by nationwide congratulatory

MRS. ANNA M. L. FRISCHE DIES AT HOME NEAR CORTLAND

End Comes After Long Illness With Complication of Diseases—Funeral Thursday.

Mrs. Anna M. L. Frische, widow of the late John Frische, died at her home one mile north of Cortland, Monday night at 11:50 o'clock following an illness lasting several months of a complication of diseases together with infirmities of old age. The deceased was sixty-seven years, nine months and twenty-seven days old at death.

Mrs. Frische was born in Hamilton township June 22, 1852, and spent her entire life in that community. She was taken to her bed on account of illness several months ago and for the last few weeks her condition was critical. The deceased was a devoted member of the St. Paul Congregational church of this city, and lived a sincere Christian life.

The aged woman is survived by two daughters, Mrs. Melvin Watts, of this city, and Mrs. Walter Stockhaver who resides west of Seymour, and three sons, Will and Edward Frische, who reside at home, and Louis Frische, of Arizona, other relatives and a large circle of friends.

The funeral service will be held from the late home in Hamilton township, one mile north of Cortland Thursday afternoon at 1:30 o'clock conducted by Rev. O. G. Misamore, pastor of the St. Paul Congregational church in this city. Interment in Riverview cemetery.

PRIMARY BOARDS WILL REQUIRE 238

Seven Officials Will be Employed in Each of the Thirty-four Precincts in County.

COST WILL BE CONSIDERABLE

Expense of Nominating Candidates on May 4 is Estimated at More Than \$2,200.

Although the expense connected with the primary election to be held on Tuesday, May 4, will not be definitely known until after all claims are filed, it is estimated that the cost to Jackson county taxpayers will be in excess of \$2,300. An appropriation for the primary was made by the county council at its last meeting. At the same time a sum was set aside to defray the expenses of the November election which will also cost a tidy little sum.

The primary election law provides that the precinct boards must be composed of an inspector, two judges, two clerks and two sheriffs. The judges, clerks and sheriffs represent the two principal political parties. There are thirty-four pre-

WORK OF BROWN COUNTY ARTISTS TO BE DISPLAYED

Fifty Canvases Will Be Sent Here For Annual Exhibit of Art League.

At a meeting of the executive board of the Seymour Art League Monday afternoon, plans were completed for the annual spring exhibit, which will consist of the work of the Brown county artists, and will be held in the high school building as usual, beginning May 24, and continuing for ten days.

These artists will be represented by about fifty canvases, also by etchings and photographs, and the Local Artists Exhibit this year will be exceptionally good. This will be the seventh annual exhibit of the league and its importance to the town will be seen when it is remembered that six graduates of the local high school are now in art schools, as a result of the interest awakened by the league.

The committee on membership will begin work immediately, and it is hoped that many new members will be added to the list.

WILSON NOTE ON TURKEY REJECTED

Reply of Allies is Conciliatory But Refuses Practically all of The Suggestions.

NOTE DIVIDED IN TWO PARTS

Turkish Treaty Will Be Presented to Ottoman Delegates in Paris May 10.

By United Press.

Paris, April 20—The allied reply to President Wilson's note on Turkey will say the allies cannot withdraw any of the decisions they had reached regarding the Ottoman power, special dispatches from San Remo where the council is meeting, said today. The reply, according to the dispatches, while conciliatory in tone, will reject practically all of Wilson's suggestions including the expulsion of the Turk from Constantinople.

The Allied communication to President Wilson on the Turkish treaty will be divided in two parts, it was learned. The first section will deal with the general principles inspiring the treaty while the second will give specific reasons for each decision and reply to the American president's observations, particularly as to why the Allied leaders have decided Trebizond must remain Turkish.

TWENTY-NINE KNOWN DEAD IN WIND WRECKED AREA

Many Injured in Arkansas. According to Late Reports Over Crippled Wires.

By United Press.

Ft. Smith, Ark., April 20—Twenty-nine known dead, from seventy-five to 125 injured and the casualty list growing as communication was established with isolated districts, were reported today from the wind wrecked parts of Arkansas. Communication with some parts of the country hit by the Sunday night series of gales probably will not be established for a day yet. Reports continued to filter through of small villages and cross roads hamlets being wrecked.

INDIANA STREAMS CONTINUE TO RISE

Flood Conditions Reported in Many Parts of State and Serious Damage is Threatened.

BOY IS DROWNED AT MARION

Cloud Burst Causes Heavy Damage in Some Sections—Lowlands Are Inundated.

By United Press.
Indianapolis, April 20—Rivers and streams throughout Indiana were reported today to have overflowed the bottom lands in their valleys. In some sections of the state highways were under water and transportation was blocked.

The waters continued to rise today due to heavy rains last night. At Bluffton the Wabash river was out of its banks and some residents were preparing to leave their homes until the water receded.

At other river points the situation was the same. Streams in rural communities carried chickens and small live stock away when the water left its banks. At Marion a boy was drowned while attempting to ford Harbert's creek which had overflowed. His body was found two hours later in a brush heap down stream.

The drowning followed a cloud burst which caused thousands of dollars damage to crops.

CARRANZA TROOPS FAIL TO PENETRATE SONORA

Sonora Forces Able to Hold Narrow Pass, With Machine Gun and Few Men.

By United Press.

Auga Prieta, April 20—Carranza troops failed in their first effort to penetrate Sonora through a pass on the Chihuahua border, according to messengers arriving here today. With concrete breastworks and machine guns clamped to the sides of the pass, it proved a death trap to the federal forces, according to the report of the messengers.

No casualties were reported among the Sonora defenders and no information was available as to the Carranza losses, the messengers stated.

The Carranza soldiers last night felt out the strength of the defense. A stronger effort to force through the pass is expected shortly, but officers of the Sonora army declare the narrow passage and new defenses make it possible for fifty men to hold the pass against any army.

GOOD OPPOSED TO BONUS PLAN FOR WAR VETERANS

Chairman of Appropriations Committee Says It Will Add to Discontent.

By United Press.

Washington, April 20—Members of congress who are advocating a soldier bonus "to obtain favor with the service men" will find in a short time they will be faced "with the wrath of the American people," Representative Good, Iowa, chairman of the appropriations committee, declared in a speech today. Good's was the first direct attack against bonus legislation on the floor of the house.

"A bonus for soldiers means increased prices, higher taxes, less work, less production and more discontent among the 106,000,000 people who did not serve in the armed forces during the war," said Good.

MRS. L. M. MAINS EXPIRES MONDAY AT COLUMBIA CITY

Death Follows a Short Illness—Funeral To Be Held Here Thursday.

Mrs. L. M. Mains, Sr., aged seventy-four years, died Monday afternoon at 5:30 o'clock at the home of her daughter, Mrs. Elmer Beezley, Columbia City, following a short illness. Mrs. Mains went to Columbia City a few weeks ago and was taken ill shortly after arriving there. The remains will be brought to this city and the funeral will be conducted Thursday afternoon at 2:30 o'clock at the home of Dr. L. M. Mains, Jr., 316 Seventh street, the Rev. Chas. W. Whitman, pastor of the First Methodist church, officiating. Burial in Riverview cemetery.

Mrs. Mains was born March 12, 1846, in Madison. She was united in marriage to Dr. L. M. Mains, Sr., at Indianapolis, in 1866. Eleven children were born to them, seven of whom survive. They are Dr. L. M. Mains, Jr., of this city, Albert C. and Miss Lida Mains, of Phoenix, Ariz., Mrs. Elmer Beezley, Columbia City, Mrs. F. B. Mercer, Iowa City, Ia., Mrs. Henry Campbell, of this city, and Miss Frances Mains, with whom she had made her home in this city. She is also survived by twelve grandchildren. Her husband died several years ago.

Mrs. Mains had resided in this city since her marriage with the exception of a few years spent in Jeffersonville. She was an active member of the First Methodist church.

Fesler for Governor

J. W. FESLER
An Able Republican

A Statement of Facts by His Neighbors

The story of the life of Will Fesler reveals an inspiring picture of the steady upward progress of a Hoosier, endowed with unusual ability, remarkable energy, courage and strength of character. He was born on an Indiana farm. He was educated in Indiana common schools. He worked his way through Indiana University. He obtained funds for his education, as an employee at the Union Stock Yards in Indianapolis. He received his early training in the law from those eminent lawyers and statesmen, Gen. Benjamin Harrison, W. H. Miller and John B. Elam. He began the practice of law in 1890, and in 1899 was admitted as a partner to the firm of Miller, Elam & Fesler. He joined the United States Navy at the age of 34 during the Spanish-American War, and was on the high sea when peace was declared. He became a member of the Board of Trustees of Indiana University in 1902, and for many years served as Vice-President, and now is President of the Board. He was elected President of the Indianapolis Bar Association in 1916. He has been a lifelong Republican, and in 1914 he was drafted to represent the Seventh Congressional District as a member of the Republican State Committee, and served with distinction in that capacity until he resigned to become a candidate for the office of Governor. He has been forceful, aggressive and courageous as a lawyer and as a citizen, and has commanded and received the respect and confidence of all. His integrity has never been questioned throughout his strenuous life. He has never been too busy with his own affairs to give time and attention to the full performance of his patriotic and civic duties. He has not waited until he amassed a fortune before becoming interested in public affairs. He is not the candidate of any official or faction of the Republican party. His candidacy is the result of urgent appeals made by ourselves and many citizens in all walks of life, who believe that he is the one man in the State of Indiana who can best lead our party to success.

What He Stands for Today

He stands for true Americanism. He stands for the Constitution and laws of the State. He stands for the fundamental institutions of our country. He stands for personal liberty without license, and the rights of property. He stands against every tendency to socialism, soviet government, or radicalism in any form. He stands for the proposition that the primary duty of the Governor is to enforce the law, and that he should steadfastly decline to encroach upon the prerogatives of the State Legislature. He believes that the present tax law of Indiana is fundamentally sound, but he stands against the usurpation of power on the part of the State Board of Tax Commissioners, under the guise of public necessity. He believes that the taxpayer should have a right to be heard, and that such hearing should not depend upon the pleasure or the uncertain courtesy of a taxing official. He believes that the local officials and the taxpayers should have the right to determine their community's needs, and to provide for same without the unwarranted interference of the State Tax Board. He believes that good roads are essential to the development of the State, and that the money spent should be used in construction, and not in salaries and overhead. He believes that the rural boy or girl is entitled to educational opportunities equal to those of the city boy or girl, and to that end believes that the rural teacher must have an opportunity equal to that of the city teacher. He believes that immediate steps should be taken to secure to the public school teachers of Indiana adequate salaries. He stands for a full, fair and equal participation in the affairs of government by the women. He stands for a comprehensive blue sky law. He stands for the gospel of patriotism as an antidote for unrest. He stands for a World's War Memorial worthy of the State of Indiana and worthy of the great cause for which the American soldiers fought and now propose to live.

We Know Fesler

We, the neighbors of Will Fesler, state these facts as true, and we maintain that a man with this history and with these true principles will make a great Governor, who will live up to the best traditions of the State and party.

We know that his armor is flawless, and that his candidacy will never embarrass the Republican party, and will never call for explanations.

We assert that his character, his poise, his integrity, his courage and industry, and his knowledge of governmental affairs, make him the strongest candidate the Republicans of the State can possibly select.

We know that the urgent appeals growing out of the realization of the imperative need for an outstanding candidate who would assure Republican success at the coming election, caused Will Fesler to listen to the call of duty and become a candidate.

Therefore, in consideration of the tremendous personal sacrifice of Will Fesler in answering this call of our State and party, and in further consideration of this wonderful opportunity to secure the services of such a man for Governor, we, his neighbors, grasp this opportunity to give without stint our time and energy to the furtherance of his candidacy and to the presentation of these facts to the voters of Indiana.

HORSE-SHOE TIRES

Even Without Tire Chains

Motorists have told us that Horse-Shoe Cord Tires are so effectively non-skid that they hold the rear wheels fast on slippery pavements even when the plain-tread front tires are inclined to skid.

They say that they used these tires all last winter without tire chains, and that they turned corners at 20 miles an hour on wet pavements without skidding.

We shall be glad to show you how unusually non-skid the Horse-Shoe Cord Tire really is. Come in and ask for a demonstration.

BIRTHDAY PARTY.

Miss Louise Freeland, little daughter of Rev. and Mrs. L. T. Freeland, 627 North Ewing street, entertained fifteen of her friends Monday afternoon in honor of her tenth birthday anniversary.

In the dining room, a color scheme of pink and white was carried out in the decorations. Large pink candles lighted the room and small individual candles were arranged at each plate. The birthday cake also held small candles. Ribbons extended from the place cards to the center of the table. At the close of the luncheon each guest pulled the ribbon and received a small bouquet of pink and white sweet peas, which formed the centerpiece on the table.

Miss Freeland received a number of pretty gifts.

The guests were the Misses Lucile Bender, Mary Margaret Sweazy, Maurine Carter, Mary Alberta, Mann, Harriett Smith, Ruth Dunn, Viola Grimes, Inez Downey, Norena Carpenter, Mary Hatfield, Earline Allen, Cornelia Burrell, Pauline Ashley, Miallo Jennison, and Kathleen McDonald.

MISCELLANEOUS SHOWER.

Mrs. T. E. Ross and Mrs. Byford Cunningham entertained Monday evening at the former's home, 421 East Second street, with a miscellaneous shower in honor of Mrs. Clyde Gilbert, a recent bride. Mrs. Gilbert, before her marriage was Miss Alice Morrison. The affair was a complete surprise.

During the evening Mrs. Gilbert was blindfolded and led into another room where the gifts were presented to her. The evening was spent very pleasantly with games and music, and light refreshments were served.

The guests included about thirty-five of the honor guest's friends.

The Ideal Flour for Home Baking

Aviston's Special Flour is made from high-gluten hard wheat. Only the choicest parts of the grain are used. We make other grades of flour in which we use the remainder of the wheat grain, but Aviston's Special gets the very choicest, whitest particles.

It is an ideal, all-round flour for home baking. It is best under all circumstances. The snowy whiteness, fine texture and superior flavor of the big loaves baked from Aviston's Special make it a favorite.

Aviston's Special is the result of fifty years of milling experience in producing quality flours. It is absolutely dependable, uniform in quality, and makes perfect bread and biscuits every time. You can depend on it. We guarantee and stand behind every pound of Aviston's Special.

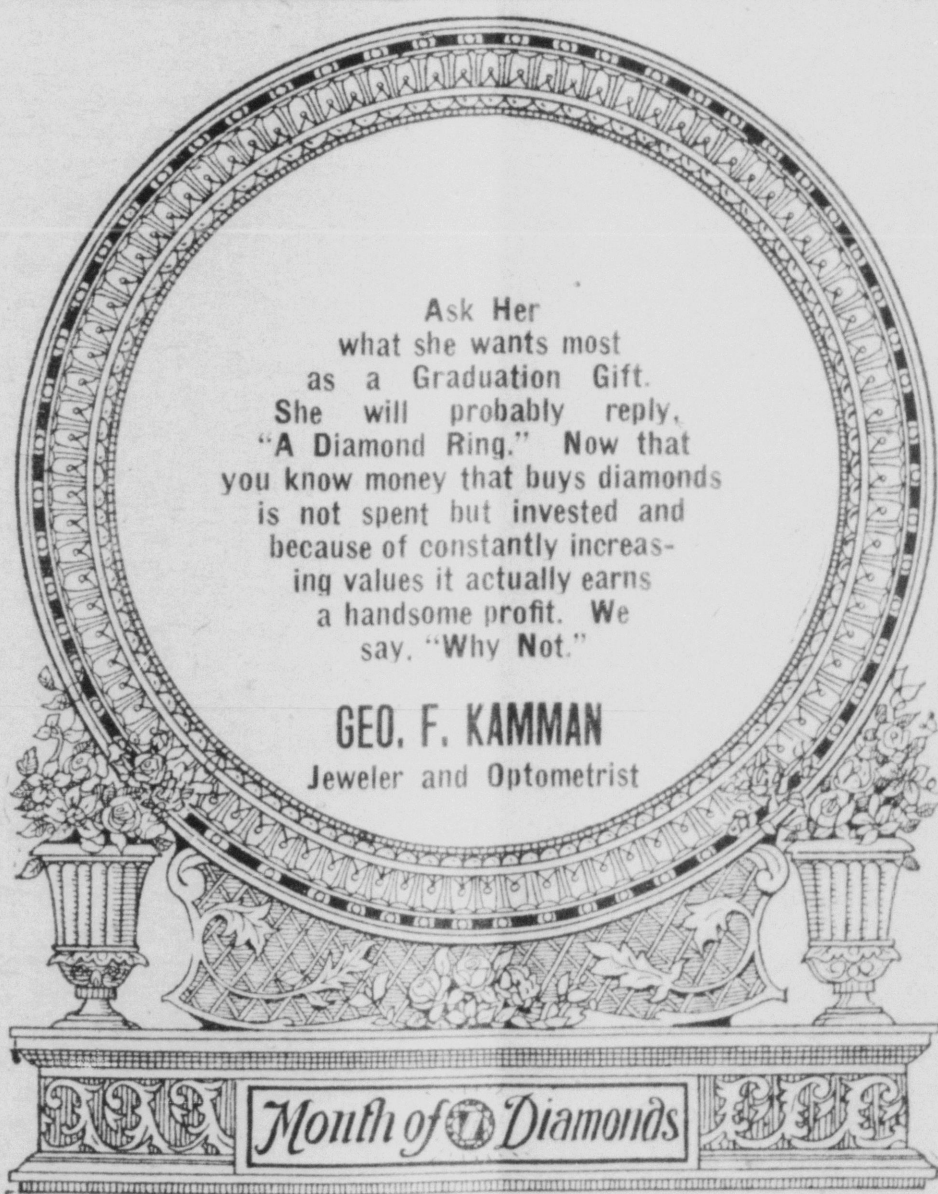

Your first batch of bread made with Aviston's Special will show you its superiority over ordinary flour. The careful selection of the finest parts of the best grain, combined with the precision of modern machinery, has produced this perfect flour, equal to all home baking needs, under all conditions. It is sold in cotton sacks of convenient sizes.

AVISTON'S SPECIAL FLOUR is made by the AVISTON MILLING CO. of AVISTON, ILL., and is sold locally by

ORGANIZATION IS BEING PERFECTED (Continued from first page)

lations of its war work record, the Salvation Army plans to launch its peace time work with greater eagerness.

The Salvation Army Home Service Fund Appeal has been endorsed by every prominent person in the country. Every person who is interested in the welfare of the poverty stricken people of the country and want to see conditions bettered, are helping with the fund. Every soldier who was in France and a big majority of those who remained in America will not only get behind the Salvation Army Home Service Fund Appeal but will contribute to the fund as much as their financial standing will permit as the boys who help to do the fighting "across the pond" know best what the Salvation Army will do.

Jackson county has been assigned a quota of \$3,700 to raise for the Salvation Army Home Fund Appeal and there is no doubt that it will keep up its war record of help-

ing with all public betterment plans. Organizations are being rapidly perfected in the county to take care of the Salvation Army drive. Everybody should be ready to contribute to this fund during the week of May 10 to 20.

Mrs. Byers, Deeply Grateful For Aid,
Wants Others to Know Tru-
tona's Merit.

Terre Haute, Ind., April 19.—"I am glad to have the opportunity to tell of the wonderful benefits Trutona has given me," Mrs. Rebecca Byers, who lives in Terre Haute, at 857 North Third Street, said recently. Mrs. Byers' gladness is explained as follows:

"For the past three years my system has been in a run-down condition. My kidneys had been giving me a lot of trouble and my stomach was in such shape that I had to be careful about my eating. I suffered constantly from pains in my back and I know that my liver wasn't in good condition."

"My appetite had almost failed me completely when I began using Trutona. But thanks to this treatment of the perfect tonic I can eat anything I want to and thoroughly enjoy it. For the first time in three years my back doesn't bother me, and I sleep as sound as any human being can."

"Trutona did all of this for me after other medicines had failed to relieve my troubles, and I'm sure if one bottle will help me so much, a few more will put me in splendid health. Furthermore, I'm confident that Trutona will do the same for others if they'll take it according to directions."

Trutona's healthful action reaches every portion of the body, and performs its work faithfully and efficiently. Trutona rebuilds diseased nerves and tissues, creates a healthful appetite and aids in the assimilation and digestion of the food.

Trutona is now being introduced and explained in Seymour at W. L. Federmann's Drug Store.

LOCAL STUDENTS HONORED.

The Misses Doris Geile, daughter of Mr. and Mrs. W. G. Geile, and Magdalen Fettig, daughter of Mr. and Mrs. Philip Fettig, who are members of the Pi Beta Phi Sorority at Indiana University, Bloomington, have been honored by their chapter and by the university. Miss Fettig has been elected to represent her chapter at the Pi Beta Phi state convention and luncheon which will be held in Indianapolis in the near future. Three active members of the sorority will give addresses at the luncheon and Miss Fettig has been chosen to speak for the Bloomington chapter. She was also recently chosen managing editor of the Co-Ed edition of the Daily Student.

Miss Geile has been elected president of the Bloomington chapter of her sorority. In a recent fraternity examination she made a percentage of 100 on questions which are prepared by the national fraternity. She has been elected president of the Young Women's Christian Association of Indiana University and is active in student life. The Pi Beta Phi chapter had the higher scholarship percentage of any sorority in the University during the last term.

Address of
W. E. Stone

W. E. Stone, President of the Brotherhood of Locomotive Engineers delivered the following address before the All American Farmer Labor Cooperative Congress in Chicago recently, and it is reprinted at the request of local railroad men.

The question allotted to me, "The Situation Confronting Us," is elastic enough to cover almost anything. I want to say in the beginning that I am not a candidate for any office and I am not seeking any appointment. I have a job and I am not looking for a position. Anything that I shall say, I say to you as an American citizen first and as a so-called labor leader second. First of all, you know, we ought to be interested in this country of ours that we live in, after which we divide off into different classes; the submerged nine-tenths that they talk about, and the other preferred one-tenth.

I think we all agree that we are facing the most critical time in the history not only of our country but of the world. To me the time is far more critical than at any time during the period of the war itself. We are at a stage when it would seem as if the whole world had gone mad. One of the great astronomers was recently asked whether or not in his opinion any of the other planets were exerting a sinister influence on the planet called the earth, and he expressed the opinion that there wasn't any, but he also expressed the further opinion that it was his idea that the other planets were using the earth for a lunatic asylum (laughter), and it would seem that he is not far wrong. We have more exploitation; we have more fads springing up—and we will probably hear some of them here before we get through. I didn't realize before, until I started in on this work, how many people there were on the outside who should be locked up, because they are stark, staring crazy; and I didn't realize it until the letters commenced to pour in upon me, with some of the most extreme fads that can be written, and some of them no fads at all but just long, rambling pages that don't mean anything. And I suppose they should be locked up. They say we are all mad on some one subject, and eventually we will lock up those who are insane until they outnumber those who will be on the outside, and then they will overpower us and shut us on the inside. (Laughter.)

What I say I say in no spirit of criticism. I realize it is easy enough to tear down. The one really worth looking for is the one who has something better to offer. There is something radically wrong with our economic structure somewhere, when we can make 22,000 new millionaires in 18 months, and many of them multimillionaires, while at the same time six million children go to bed hungry every night in this country of ours. Those are not the statements of some labor agitator. Those are the statements of the Department of Child Labor of the Division of Labor. Six million children go to bed every night suffering from malnutrition because their parents have not the necessary means to buy them the necessities of life. What does that mean? That means that a child that goes to bed hungry is dwarfed in body. A child that is dwarfed in body is sometimes dwarfed in mind, as well as in soul, and that is the future citizen. And that is the heritage we are handing down. That one thing alone demands the careful thought and study of everyone who loves this country of ours and who hopes for its future welfare.

For example, we, in Cleveland, are trying to furnish milk to children. Milk has become so high that it is almost prohibitive. In fact it is prohibitive to many of our working people. We have a provision made, through our city government, whereby, through certain kinds of red tape and going through the necessary formula, the mother can secure milk for the child up to two years of age. And we also have a provision that after the child is old enough to start in school, at six years (and many of them go to school without breakfast), they are given a glass of milk. But we have no provision between two and six, in the growing years when a child needs milk the most, and there is no food that takes the place of milk for a child of those years. And that is one of the problems I hope to work out through this co-operative society.

Another thing we hope to work out is this question of banking. And as I happen to be chairman of the Banking Committee, I am going to digress for a minute because this subject is elastic enough. It has to be at all times, you know. The subject is simply meant to get the speaker before the house. It is like the old darkey who was having trouble with one of his passengers, down South. An old lady insisted on riding out on the platform. He said, "Madam, you can't ride out on this platform. You must get inside." But she said, "I thought platforms are made to ride on." "Oh, no, madam," he explained, "platforms are made to get in on." (Laughter.)

That is the way with the party platforms of our great political parties. It is merely a method of getting in on. (Laughter.) You know there is something wrong, and we have been led to believe by a carefully subsidized press—and I see a few reporters sitting around the corner—that there are only a chosen few of the world's aristocrats that can understand the mysterious thing we call Finance.

Before we get through we are going to show you, by some of the best speakers and the best authorities in America, that it is the simplest thing in the world. The result is that all our funds have been used and we have been exploited by a little group of bankers. We are going to put in a system whereby the farmers and the workers and those who need the small savings to build improvements, can have a system of banks of their own. And they will be people's banks and be operated by the people, for the people and in the interest of the people, instead of being exploited in the interest of a few groups of capitalists. (Applause.)

You know our banks never made as much money as they did last year. Your Federal Reserve banks averaged 75 per cent. One group or one district made 92; almost its entire capital stock, you might say. If the reports that come out of Wall Street are true, and I believe they are, John Pierpont Morgan would turn green with envy over what his son and his son's firm have done. I believe Morgan & Company, under the old regime, the highest record they ever showed was 47 million dol-

Ever Get
Bilious?
Try This

NR Tonight—Tomorrow Feel Right

When your liver gets on strike and you feel a sick headache and bilious spell coming on, instead of prodding your liver with dangerous calomel and irritating purgatives, get out your box of mild, gentle-acting NR Tablets and take one right off.

Relief will come just as quickly and with it genuine, lasting benefit. There will be no griping, gnawing pains or doubling stomachache. Nature's Remedy (NR Tablets) work promptly and thoroughly, but the action is gentle, mild and soothing.

Relief comes through the action of Nature's Remedy on not only the liver, but on the whole digestive and eliminative system—the stomach, the bowels and even on the kidneys. Stored up accumulations of waste and body poisons that have been clogging the system are completely cleared out, the over-worked stomach is strengthened and the interrupted work of digestion and assimilation is resumed. The inactive liver goes to work with new vigor, the bowels are unburdened, the headache leaves, that dull, "dopey" want-to-crawl-down-a-hole feeling disappears, energy,

Take NR at once. Get digestive and eliminative organs working in harmony and relief is immediate. Never causes griping.

"pep" and appetite return and you find yourself entirely, completely relieved.

There is no better proof of the great value of Nature's Remedy for biliousness and constipation than the fact that more than one million NR Tablets are used every day—more than 400 million boxes sold every year.

If you've not already done so, get a 25c box of Nature's Remedy (NR Tablets) and take the first tablet tonight. If your constipation is stubborn or persistent, continue to take one each night for a week or so. Then note how you feel. Your bowels will be as regular as clock work, and you'll find yourself in better shape physically, mentally, every way than you've been in many a day. After that you need not take medicine every day. An occasional NR Tablet to keep your system in good condition will be sufficient, and you can always feel your best. Remember it is easier and cheaper to keep well than to get well. Just try it.

Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

I believe Morgan & Company, under the old regime, the highest record they ever showed was 47 million dol-

lars earnings for a year. If the reports which I have read are correct, they made over 470 million dollars last year, because they were the bankers of the world.

We are facing, according to the statements of some of the best financial men in America, a panic such as the world has never seen. And there is a financial crash ahead of us, unless something is done. Whether that is true or not, I am not in a position to say because I don't know. I do know this. Any of you who read the financial papers, you know there is something going wrong with our foreign exchange, when the German mark sells at one cent, when it formerly sold at twenty; when the French franc is fourteen and three-fifths, this morning—fourteen and three-fifths francs for a dollar this morning; when our exchange with Canada is eighteen cents; in other words, one hundred dollars in United States currency is worth one hundred and eighteen dollars of Canadian money this morning; and the English pound sterling has sold down until we don't know where it is going. Now, one of the strange things that no one has explained as yet, is the Russian ruble. Where we are led to believe everything is wrong in Russia, the Russian ruble is the only thing that is showing an increase. (Applause.)

Among other marks it set was a record for the longest continuous laugh ever evoked from a theatre audience.

The Soldiers and Sailors Revue consists of a troupe of female impersonators with a novel idea of a girl act. This miniature musical comedy is to give the people on this side an idea of how the boys entertained themselves while over there. We had no girls, so we had to make our own and here they are.

The boys in the cast are from the 41st Division, 116th Engineers, the 42nd Ambulance Corp, the U. S. Navy, U. S. Army and the U. S. Marine Corps.

The surprising feature of the heavy rain is that this volume of water has fallen within such a short period of time without bringing White River to a serious flood stage. It is all the more remarkable inasmuch as the ground was saturated

HOW A SICK DOCTOR REGAINED HIS HEALTH

Young doctor 27 years old was told by several eminent physicians that he could not live, but discovered a remarkable formula that restored his health.

In 1898 Dr. A. L. Reusing of Akron, Ohio, had just completed his course at medical college. He had paid his way through medical college by working nights as a telegrapher. Overwork and over-study had undermined his health, and he consulted many specialists, but they all pronounced him incurable and said that he could live only a few months.

But Dr. Reusing determined that if he must die, he would find the cause, since none of the physicians could diagnose his disease positively.

Knowing that without oxygen the body dies, he began a thorough investigation of the effect of oxygen on the blood. He studied Prof. Virchow's famous "Cell Theory" which proves that the body is only a collection of cells and that there are twelve cell-salts that nourish and maintain the cells of the body. Just as a flower droops and dies for lack of water, so the cells wither and die for lack of their natural cell-salts.

He knew that the red blood cells carry the iron in the blood and that iron attracts oxygen just as a magnet attracts steel. He learned that by increasing the amount of iron in the blood, the iron attracted the oxygen from the air in the lungs into the blood exactly as the magnet attracts steel. He found that oxygen oxidizes or burns up the impurities, germs, and torn-down cells that are found in the blood.

Through careful research he learned the cell-salts that nature requires to feed the cells and maintain health. This led to the discovery that the health of the body is governed entirely by the health of the blood and that if the blood is rich in oxygen, plasma and iron, and supplied with the natural cell-salts that nourish and maintain the health, vigor and vitality of the cells, the whole body glows with health, strength and energy.

Relentlessly Dr. Reusing made his scientific researches and investigations until his efforts were crowned with success. He discovered a formula which combines the natural cell-salts that feed and nourish the cell of the tissues, nerves, fluids, brain and bones of the body and rapidly increases the supply of oxygen, iron and plasma of the red blood cells, which re-vitalize and rebuild the entire body.

This formula—discovered in a desperate effort to preserve his own life—proved so successful that he gradually restored his health and soon became strong and vigorous. Dr. Reusing is now 47 years old and his ruddy cheeks, bright eyes and vigorous health are irrefutable evidences of the strength-renewing, blood-purifying, health-building properties of his formula.

For nearly 20 years Dr. Reusing has prescribed this formula for thousands of patients in his private practice with wonderful success. The medical profession has recognized its therapeutic value for the treatment of diseases.

So many people have been benefited and restored to health by Dr. Reusing's formula and he is so thoroughly convinced of its therapeutic action by thousands of case records in his own practice, that he has decided to supply this formula, which he has named "REOLO," to the public through registered druggists, who are licensed distributors of the Dr. A. L. Reusing Laboratories, Akron, Ohio.

Each package of "REOLO" contains 100 tasteless tablets, enough for two weeks treatment. It is not expensive. It only costs \$1.00 a package and is positively guaranteed to give beneficial results or your money will be returned.

REOLO is sold in Seymour by W. L. Federmann, who is the licensed distributor.

By United Press.

Chicago, April 20—Maintenance of way employees who threatened a nationwide strike last February will walk out individually in large numbers April 28 unless their wage demands are recognized, leaders here declared today. E. Grable of Detroit, president of the organization, has been petitioned to make a request of President Wilson for a temporary increase for \$1 a day with time and a half for overtime pending a decision of the railroad labor board on the employees wage demands. However, Grable said today the Brotherhood will not authorize any strike pending decision of wage demands by President Wilson's railroad labor board.

MUSIC TEACHERS MEET

Annual Convention of Indiana Association at Richmond.

By United Press.

Richmond, April 20—The annual convention of the Indiana association of Music Teachers opened a three day convention here today with 500 delegates attending.

Mrs. Frances E. Clark, formerly supervisor of music in the public schools of Minneapolis will address the convention at the opening session today. Representatives of the National Federation of Music Teachers also will make addresses. The formal opening of the convention will be tonight.

Business sessions of the association will be held tomorrow. Various sectional meetings also are scheduled for tomorrow.

Merle Dannettell, son of Mr. and Mrs. H. C. Dannettell, left Monday night for Denver, where he has taken a position with a refining and smelting company. He will be employed in the mining survey department of the corporation. Mr. Dannettell, who is a graduate of Purdue University, recently resigned a position as chemist and metallurgist with the Continental Motors Company of Detroit.

Strong Women

By Dr. Valentine Mott.

Women and men too—are just as strong and healthy as their blood. Vigor and health come with good

blood. Without good red blood a woman has a weak heart and poor nerves.

In the spring is the best time to take stock of one's condition. If the blood is thin and watery, face pale or pimply, if one is tired and listless, generally weak, a Spring Tonic should be taken. An old-fashioned herbal remedy that was used by nearly everybody 50 years ago is still safe and sane because it contains no alcohol or narcotic. It is made of roots and herbs and called Dr. Pierce's Golden Medical Discovery. If druggists do not keep it in tablet form, send 60 cents for a vial to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y.

RICH BACHELOR WANTS WIFE

"Many people have blamed me for not getting married. Since childhood I have suffered from stomach and liver trouble, never being able to get any medicine or doctor to help me. Now that Mayr's Wonderful Remedy has entirely cured me, I am anxious to get a wife." It is a simple, harmless preparation, that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. All druggists.

PRIMARY BOARDS WILL REQUIRE 238

(Continued from first page)

cinets in this county and a total of 238 men will be required to fill the election boards. These will be paid \$3 a day each for their services. One day is taken to mean from 6 a. m. to 6 p. m. and as the vote is not counted until after the polls close at 6 o'clock at night, the members of the board usually receive compensation for two days. In addition the inspectors are allowed mileage for going to the court house after the ballots and for returning them to the county election commissioners after they are counted.

The compensation of the election boards is one of the principal items of expense, but there are many others. In each precinct there must be a voting place and \$5 is allowed to pay this rent. This means a total of \$170 will be spent for this purpose. In addition the members of the boards must be supplied with two meals while they are on duty and this item is considerable. Difficulty has been experienced for several years in finding anyone who will furnish meals for the allowance which was fixed years ago and the appropriation has been enlarged slightly.

The cost of printing the ballots is also quite an item. The law provides that twice as many ballots shall be printed as there are voters in the precinct. One third of the ballots are retained by the county election board and are held in reserve in case the number of voters is greater than anticipated or if the supply given the inspectors should be lost or destroyed before the polls open. The ballots and other supplies are turned over to the inspectors on the Saturday immediately preceding the election.

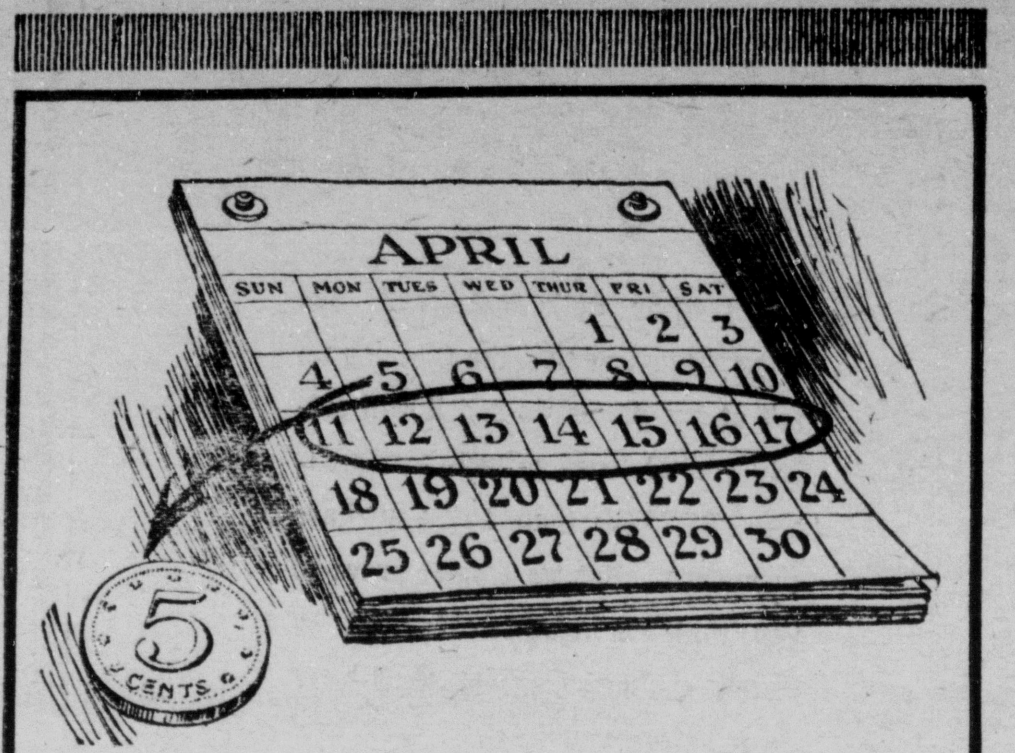

The law provides that where four or more candidates are making the race for the same office, the names shall be rotated on the ballots. That is, the position of the candidates' names shall be changed so that each will appear at the top of the list an equal number of times. This adds to the difficulty and expense of printing the ballots.

In some counties an effort is being made to reduce the cost of the primary election by eliminating the sheriffs from the precinct boards. However, the law provides for their employment and in case a contest should result the question of legal boards would arise. But some counties are taking a chance and will employ no sheriffs on May 5.

The expense of the primary is always high and many people doubt if the additional cost over the convention system of making nomination is worth the advantages, if any, afforded by the primary system.

Miss Ruth Kaufman returned to her home in Seymour Sunday afternoon after a short visit here with her aunt, Mrs. John W. Lyhan, of West Main street.—Washington Democrat.

Less Than a Nickel a Week

This is all that Swift & Company's profit cost the average American family in 1919.

Here are the figures and authorities for them.

The average consumption of meat per person for a year is about 180 pounds (U. S. Government).

The average American family is 4½ persons (U. S. Census).

Swift & Company's profit from all sources in 1919 averaged less than ¼ cent per pound on all products including meat.

This averages for the family less than the price of—

- 1 cigar per week for father, or
- 1 street car fare per week for mother, or
- 1 package of gum per week for the children.

The complex service which we furnish the public is efficient and economical. The cost to the public in the shape of profit is too small to be noticeable in the family meat bill.

Fine Steels form the Sinews of a MAXWELL

Everything that is built to endure must have fine sinews.

A great ship, a giant locomotive, a huge bridge, a gigantic building.

Search for the sinews in a Maxwell and you discover new steels, fine steels, special steels, steels manufactured to Maxwell's own formulae.

Steels, for instance, that make possible that rare combination of extreme lightness and brute strength.

For a Maxwell is made to be light in weight. Its mission is economic transportation.

Any superfluous pound to carry around means so much more cost of operation.

But the great problem was to get steels of rare quality and great strength.

They are found in a Maxwell in axles, shaftings, gears, frame, crankshaft, connecting rods, etc., etc.

They equal, pound for pound, the steels to be found in any car made.

Costly as they are, they repay their price many times over in the lifetime of a Maxwell.

They save. They pay dividends of satisfaction.

They make friends. They are responsible for that rapid rise of Maxwell the world over.

Nearly 400,000 now in use; 100,000 more in process of construction; and fully 40 per cent of those who have decided upon a Maxwell as their first-choice car will not be able to get one this year—so overwhelming is the demand for this remarkable car.

The VALLEY of the GIANTS

By PETER B. KYNE
Author of
"Cappy Ricks"

Copyright by Peter B. Kyne

Shirley Sumner's eyes were moist when George Sea Otter, in obedience to the instructions of his youthful master, set her, the French maid, and their hand-baggage down on the sidewalk in front of Colonel Seth Pennington's house. The half-breed hesitated a moment, undecided whether he would carry the hand-baggage up to the door or leave that task for a Pennington retainer; then he noted the tearstains on the cheeks of his fair passenger. Instantly he took up the hand-baggage, kicked open the iron gate, and preceded Shirley up the cement walk to the door.

"Just wait a moment, if you please, George," Shirley said as he set the baggage down and started back for the car. He turned and beheld her extracting a five-dollar bill from her purse. "For you, George," she continued. "Thank you so much."

In all his life George Sea Otter had never had such an experience—he, happily, having been raised in a country where, with the exception of waiters, only a pronounced vagrant expects or accepts a gratuity from a woman. He took the bill and fingered it curiously; then his white blood asserted itself and he handed the bill back to Shirley.

"Thank you," he said respectfully. "If you were a man—all right. But from a lady—no. I am like my boss. I work for you for nothing."

Shirley did not understand his refusal, but her instinctive tact warned her not to insist. She returned the bill to her purse, thanked him again, and turned quickly to hide the slight flush of annoyance. George Sea Otter noted it.

"Lady," he said with great dignity, "at first I did not want to carry your baggage. I did not want to walk on this land." And with a sweeping gesture he indicated the Pennington grounds. "Then you cry a little because my boss is feeling bad about his old man. So I like you better. The old man—well, he has been like father to me and my mother—and we are Indians. My brothers, too—they work for him. So if you like my boss and his old man, George Sea Otter would go to hell for you pretty damn' quick. You bet your life!"

"You're a very good boy, George," she replied, with difficulty repressing a smile at his blunt but earnest avowal. "I am glad the Cardigans have such an honest, loyal servant."

George Sea Otter's dark face lighted with a quick smile. "Now you pay me," he replied.

The door opened, and a Swedish maid stood in the entrance regarding her stolidly. "I'm Miss Sumner," Shirley told her. "This is my maid Marcelle. Help her in with the hand-baggage." She stepped into the hall and called: "Ooh-hoo! Nunky-dunk!"

"Ship ahoy!" An answering call came to her from the dining room, across the entrance-hall and an instant later Colonel Seth Pennington stood in the doorway. "Bless my whiskers! Is that you, my dear?" he cried, and advanced to greet her. "Why, how did you get here, Shirley? I thought you'd missed the stage."

She presented her cheek for his kiss. "So I did, Uncle, but a nice red-haired young man named Bryce Cardigan found me in distress at Red Bluff, picked me up in his car, and brought me here." She sniffed adorably. "I'm so hungry," she declared, "and here I am, just in time for dinner. Is my name in the pot?"

"It isn't, Shirley, but it soon will be. How perfectly bully to have you with me again, my dear! And what a charming young lady you've grown to be since I saw you last! You're—why, you've been crying! By Jove, I had no idea you'd be so glad to see me again."

She could not forego a sly little smile at his egoism. "You're looking perfectly splendid Uncle Seth," she parried.

"And I'm feeling perfectly splendid. By the way, who did you say picked you up in his car?"

"Bryce Cardigan. Do you know him?"

"No, we haven't met. Son of old John Cardigan, I dare say. I've heard of him. He's been away from Sequoia for quite a while, I believe. About time he came home to take care of that stiff-necked 'old father of his.' He stepped to the bell and pressed it, and the butler answered. 'Set a place at dinner for Miss Shirley, James,' he ordered. 'Thelma will show you your rooms, Shirley. I was just about to sit down to dinner. I'll wait for you.'"

While Shirley was in the dining room Colonel Pennington's features wore an expression almost pontifical, but when she had gone, the atmosphere of paternalism and affection which he radiated faded instantly. The Colonel's face was in repose now—cold, calculating, vaguely repellent. He scowled slightly.

"Now, isn't that the devil's luck?" he soliloquized. "Young Cardigan is probably the only man in Sequoia—dashed awkward if they should become interested in each other—at this time. They say he's good-looking; certainly he is educated and has acquired some worldly polish—just the kind of young fellow Shirley will find interesting and welcome company in a town like this. Many things can happen in a year—and it will be a year before I can smash the Cardigans. Damn it!"

LETTER FROM MRS. BRUCE

Tells Remarkable Story of Sickness and Recovery.

Brookburg, Ind.—"When I was a young girl I clerked in my father's store and lifted heavy boxes which caused displacement and I suffered greatly. I was married at the age of eighteen and went to a doctor about my trouble and he said if I had a child I would be all right. After three years twins came to us and I did get all right but three years later a baby boy came and I was troubled again. I could scarcely do any work at all and suffered for four years. A neighbor told me about Lydia E. Pinkham's Vegetable Compound and I took it for a year or more. Now I have a baby girl and do not have any female trouble. You can do anything you like with my letter to help others."

Mrs. J. M. Bruce, R. F. D. 3, Brookburg, Ind.

took up the financial clauses of the Turkish pact and called in experts to get advice on some sections. The last part of the sitting was devoted to disposition of the Khurdistan which was considered most difficult because of the divergence of opinion among the population.

The Turkish treaty will be presented to the Ottoman delegates in Paris May 10 it was announced officially.

Vittori Scaloia, the Italian minister and Premier Venizelos of Greece, had a long conference today. After the meeting Venizelos said definite settlement of all the phases of the Turkish treaty probably would not be accomplished at the present session, because of the impossibility of enforcement under the present arrangement.

The principle of equality of the

great powers in Turkey, however, should be disposed of before the conference adjourns, Venizelos said.

The early meeting of the premiers and foreign ministers was somewhat stormy, it was learned. Premier Millerand of France, was reported to have voiced his country's demand for complete solidarity among the Allies in execution of the treaty of peace with Germany while Premier Nitti of Italy maintained his position in favor of economic resurrection of the former enemy power.

"Kilties" Scored a Decided Hit Monday Night.

Patrons of the Majestic Theatre, last night were aroused to the highest pitch of enthusiasm by the "Kiltie Band, which gave two concerts in addition to the regular picture program.

Music hungry patrons were certainly afforded a real treat when the curtain arose announcing the initial performance of Mr. Murdoch MacDonald's famous Kiltie band of about twenty members. The entire entertainment from start to finish was exactly as represented. Solos and dancing were intermingled with the band numbers. J. Coates Lockhart, noted Scottish tenor, drew plenty of applause with his funny songs.

The attraction which is billed again for tonight, is without a doubt the best of its kind ever seen in this city.

TWO WEEKS SUPPLY OF GASOLINE IN SEYMOUR

Columbus, North Vernon and Other Nearby Cities Facing an Oil Famine.

Although Columbus, North Vernon and other nearby cities are facing a gasoline famine, the oil condition in this city is not as yet serious, according to C. G. Goss, local agent for the Standard Oil Company. Mr. Goss stated that he had enough gasoline in his tanks at present to supply his customers at this place and Brownstown for two weeks. The St. Clair Oil Company also has a large supply of gasoline on hands it is understood.

North Vernon received a car load of gasoline Monday which was the first received there in ten days. At Columbus the condition is serious and according to the Columbus papers the supply will be exhausted there by tonight and no relief is in sight.

The condition is brought about by the switchmen's strike and railroad companies have not been receiving oil for shipment for several days. The agents for the local oil companies have hopes that the strike will be settled before their supply is exhausted.

NEW ALBANY PRESBYTERY IN ANNUAL SESSION HERE

Dr. W. G. Sheppard, Former Missionary in Africa, to Give Address Tonight.

A large number of the Presbyterian churches in the New Albany Presbytery are represented at the meeting which convened at the First Presbyterian church this afternoon. Dr. W. G. Sheppard, a former missionary to Africa, will give the address at an open session tonight. The public is invited to attend the meeting. Following the address a moderator will be elected. The Rev. J. H. More, pastor of the local church, will preach the Presbyterian sermon tomorrow night.

The Woman's Home Mission board held a conference this afternoon with representatives of the mission churches.

JOHN ISENBARGER HERE

Candidate for Democratic Nomination for Governor.

John Isenbarger, of North Manchester, Ind., candidate for the Democratic nomination for Governor, was a visitor in the city this morning and while here called on several local Democratic party leaders. Mr. Isenbarger made the trip to this city in his automobile and was accompanied by two fellow citizens on a tour of Southern Indiana. However, he was forced to take the train from here for the remainder of his trip on account of the heavy rains which have brought the streams out of their banks making the roads impassable in many places.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Four three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

"MAGAZINE AND NEWSPAPER COMBINED"

This is what one of my subscribers to The Indianapolis Star said to me the other day.

He was referring to the two pages of fiction which appear regularly in The Sunday Star.

No magazine has better fiction, and the man quoted considered the two fiction pages alone worth the price of The Sunday Star.

The Indianapolis Star, like all metropolitan publications, is short of print paper and positively refuses to send me more papers than I can sell.

If you don't wish to be disappointed, you had better give me your order today for The Sunday Star.

Call me by phone. My number is 86.
